## DESCRIPTION

---

Bauche No.19 stool designed by Charlotte Perriand and produced by Steph Simon in the 1950s. This piece reflects Perriand's focus on essential forms and natural materials, aligned with her work on mountain furniture.

The solid ash structure is built with four rounded legs linked by stretchers, supporting a woven rush seat. The rush has been recently restored, ensuring a clean appearance consistent with the original function of the piece.

Manufacturer: Maison Sentou, circa 1950
