DESCRIPTION

Rare lamp from the "Java" collection by Mathieu Matégot. This collection was notably presented at the Salon des Arts Ménagers in 1955.

This iconic lamp, revealing Matégot's taste for light effects, is in Rigitulle, a red and white-inside lacquered metal sheet, pleated and openworked and an articulated mobile reflector allowing the lighting to be modulated.

The object shows traces of wear and use, that we decided to leave as it is, with its original patina.
