DESCRIPTION

Set of twelve wall hooks in solid pine, made in France around 1970.

Each piece, with variable widths (6, 12 and 19.7 in), features a square or rectangular base and two circular turned-wood hooks secured with visible screws. The simple, utilitarian construction recalls the wall fittings designed for Les Arcs 1600 and 1800, where solid pine and functional design defined the aesthetic. This ensemble perfectly captures the Alpine modernist spirit, rational, tactile and timeless.

Origin: France, circa 1970.
