

Prototype of "Coccinelle" chairs by René-Jean Caillette, Steiner

René-Jean Caillette

Sold

REF: 6842

Height: 74 cm (29.1")

Width: 51 cm (20.1")

Depth: 41 cm (16.1")

DESCRIPTION

Prototype of the "Coccinelle" chair, originally designed by René-Jean Caillette for Steiner, this reissue attempt remained a concept that never reached production.

The chair features an original fiberglass shell, later lacquered in a crisp white, paired with a tubular black-painted metal base. This prototype embodies the ambition to revisit an iconic design, seamlessly merging the modernist

elegance and clean, functional lines that characterize Steiner's legacy.

Timeless and refined, the "Coccinelle" chair highlights a perfect balance of material innovation and aesthetic simplicity.

Seat Height: 17.3 inches

Prototype by Steiner, circa 2007, envisioned as part of a reissue project led by Patrick Favardin, esteemed art historian and author of "Steiner et l'aventure du design," Norma Editions, 2007
