DESCRIPTION

This sculptural lamp from the MaMo Nouchies series, model Alodri, was designed by Dagmar Mombach, Ingo Maurer, and his team in the late 1990s. It has a strong yet delicate design, typical of Ingo Maurer's work. More than a simple lighting designer, Maurer is a true light sculptor, and his creations have a poetic touch.

The light diffuser is made from natural Japanese paper, supported by a base and a delicate metal rod. The lamp is

adjustable in height (80-100 cm).
