DESCRIPTION

Table lamp model 2833 produced by Fontana Arte in Italy circa 1990, by Nathalie Grenon

The circular chrome base supports a slender cylindrical stem. The light-colored cylindrical shade is framed by two vertical transparent glass panels, secured with discreet metal fittings. The composition relies on the interplay of materials, combining the transparency of glass, the reflection of chrome and the softness of fabric.

The design is restrained and balanced, characteristic of Fontana Arte productions from this period, where geometric

clarity meets quiet elegance.
