DESCRIPTION

Last Minute table designed by Hauke Murken in 1992 for Moormann

The Last Minute table stands out for its innovative and practical design. When not in use, it can be hung on the wall and quickly unfolds into a stable table using two handles. The folding mechanism is based on a fine yet durable linen strap, ensuring both flexibility and strength. Its wall hook, made from untreated ash wood, adds an aesthetic touch

while being perfectly functional.

Made from birch plywood (FU), this version features a transparent varnish finish that highlights the natural beauty of the wood. The finely beveled edges and round grip holes give the surface a light, graphic structure. When multiple tables are arranged together, they align perfectly to create a continuous, seamless surface.

Dimensions when folded: 11 x 81 x 5 cm

Manufacturer : Niels Holger Moormann, still in production.
